

# Quality Lighting Supplies & Bulbs

**LIGHT BULBS**

**SYLVANIA** See The World In A New Light

The image displays a variety of Sylvania lighting products. In the foreground, there are several incandescent bulbs: a large BR30 flood lamp with a reflective surface, a standard A19 lamp, and a smaller BR30 flood lamp. To the right, there are two T12 fluorescent lamps. In the background, there are boxes for Sylvania products, including a box for a 1040 Halogen floodlight, a box for a 1750 100 Standard lamp, and boxes for 60W and 65W incandescent bulbs. The products are arranged on a dark surface against a blue background.

 <p><b>60A, Frost 120 "A" LAMP</b> Medium base, 130V bulb yields longer life when used on 120V.</p>	 <p><b>65W, 120V BR30 FLOOD LAMP</b> Complies with EPCACT legislation. "BR" reflector yields more light per watt than "R" type. Medium base. Maximum overall length 8-3/8". 2000 hours average life.</p>	 <p><b>34W, T12 FLUORESCENT LAMP</b> Standard medium bi-pin base. Cool white, 4200K. 48" length. 20,000 hours average life.</p>
